

DISINFECTION GATES

Disinfection systems
for vehicles

NEW MODULAR STRUCTURE EASY TO ASSEMBLE AND SHIP

DESIGNED AND MANUFACTURED BY

- Direction detection.
- Automatic operation.
- Savings of over €1 per vehicle.
- Sensor, vehicle, and time monitoring.
- Highly durable stainless steel structure.

DSA CONTROLLER

Provides greater control and detects the vehicle's direction, spraying only when necessary.

CONTROLLER

Automatically detects the vehicle's direction and only activates misting when the vehicle enters.

INJECTION AT THE OUTLET

This prevents the disinfectant from passing through the components, thereby increasing their durability.

DOSING PUMP

High-quality and powerful component, with a high flow rate, high operating pressure, and excellent chemical compatibility.

PHOTOCELLS

Automatic operation with high-power, highly reliable through-beam photocells.

50% in SAVINGS

The DSA system, along with its controller, achieves 50% product savings.

Smart detection

The DSA system detects the vehicle's direction of travel using high-precision sensors.

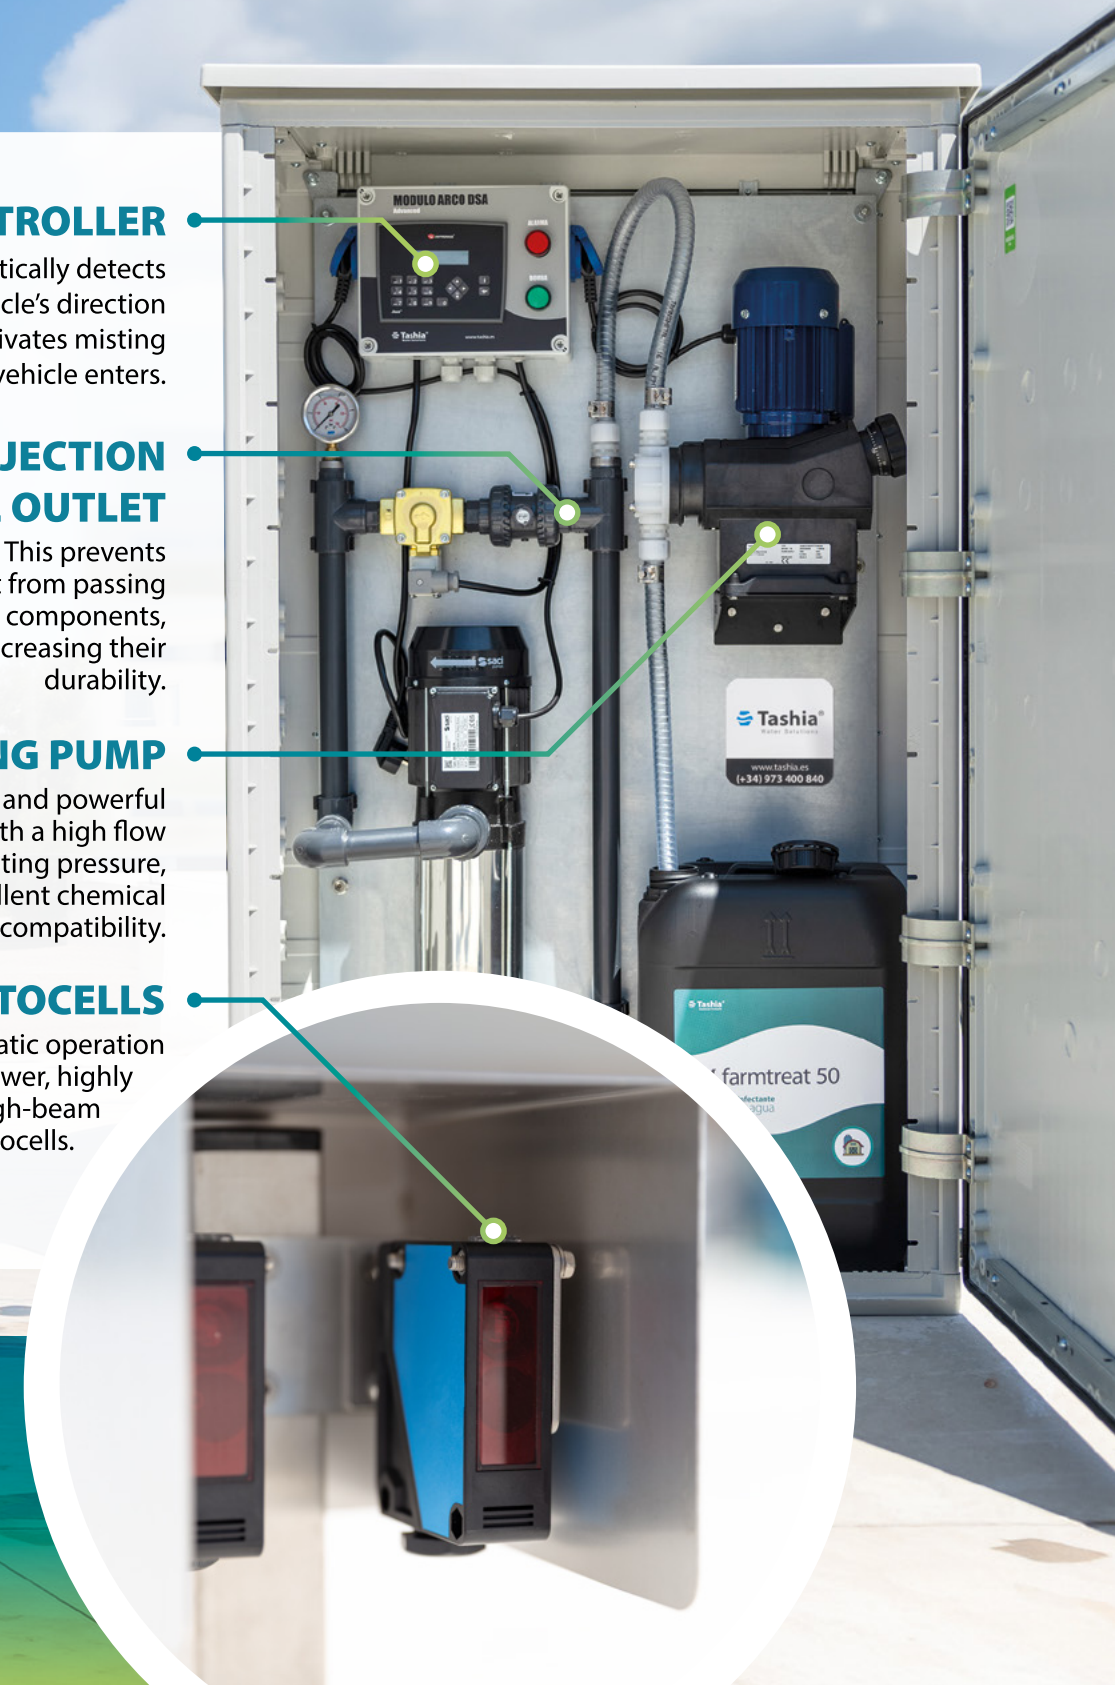

Automatic spraying

The system only activates spraying when the vehicle is within the disinfection zone.

Optimized dosing

Only the required amount of disinfectant is applied, reducing waste and ensuring maximum effectiveness.

PLUG&PLAY STRUCTURE

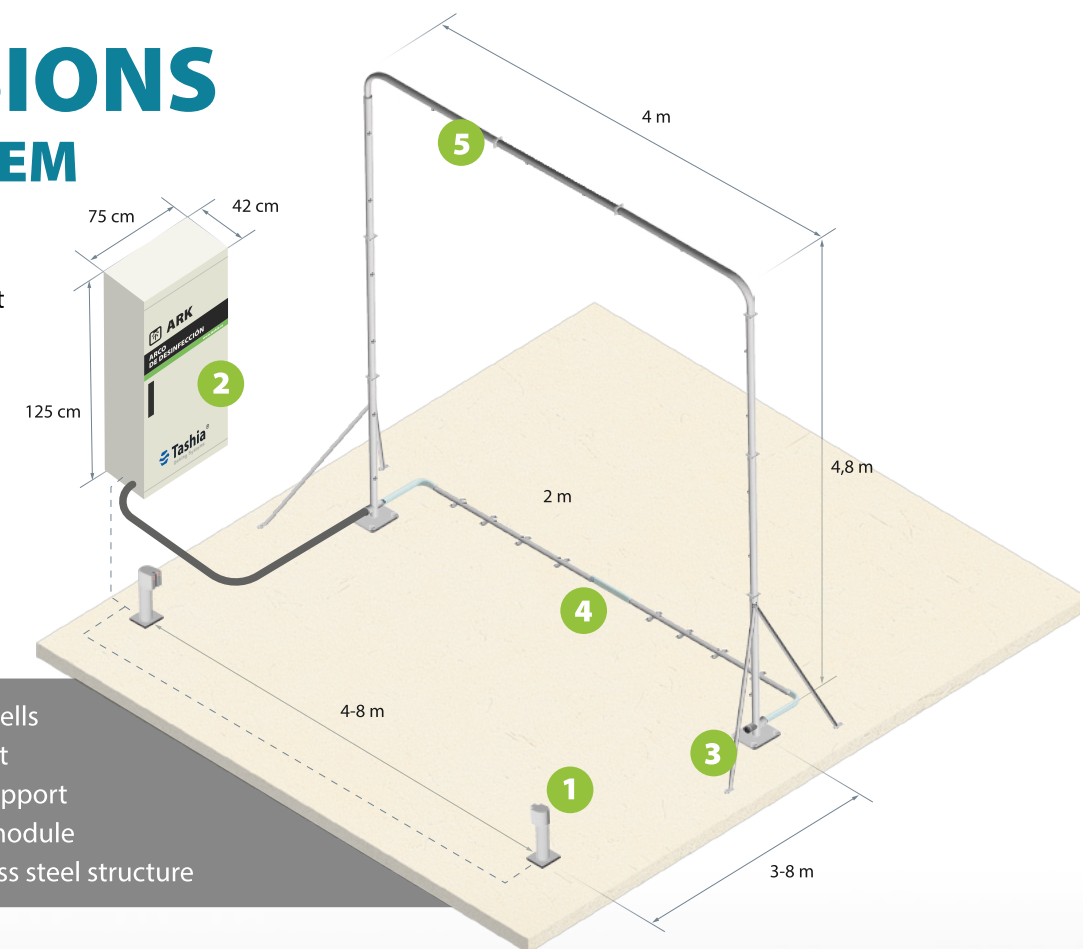

Manufactured from stainless steel. Allows for quick, easy, and straightforward installation. Includes a step-by-step installation manual.

DIMENSIONS OF THE SYSTEM

An optimized configuration to ensure effective vehicle coverage and facilitate installation at different access points.

- 1 Photocells
- 2 Cabinet
- 3 Side support
- 4 Floor module
- 5 Stainless steel structure

Thanks to the modular system, installation is very simple. All components are labeled and protected for quick and easy handling.

The arch arrives palletized, protected, and ready to assemble

Designed for international transport.
The box features optimized dimensions that allow several parts to be grouped on a single pallet, facilitating shipments by road, sea, or air.

✓ Available immediately

You won't have to wait long for delivery. Our stock is ready to ship as soon as you need it.

✓ Local technical service

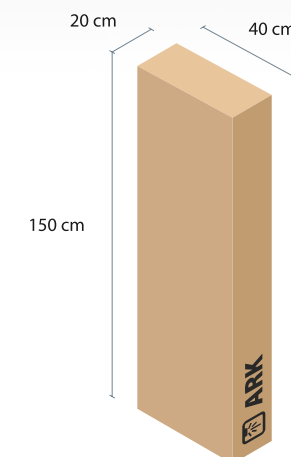

We have a team of specialized technicians near you to resolve any issues quickly and efficiently.

✓ The best QUALITY for the PRICE

We know every euro counts, which is why we work to offer you the most competitive prices without compromising on quality.

🏆 TASHIA® quality guarantee

We have been manufacturing the highest-quality disinfection arches for over 30 years. Many satisfied companies trust us, having improved their processes thanks to our product range.
